Fire Department Changes.

John Ritter, foreman of the hook and ladder house, was yesterday transferred to the Atlantic engine house by Chief Hooley, vice Albert Laughlin, resigned. Edward Knowles, an extraman at the Niagara engine house, was appointed to the vacancy at the hook and ladder house.

Marriage Licenses Issued.

Marriage licenses were yesterday issued to the following named parties: Gustave Mager and Dora M. Conrad, both of Wheeling.
Thomas Webster, aged twenty-one, and Catharine Connelly, aged twenty-one, both natives of Pennsylvania and residents of Wheeling.

And So they were Married.

Miss Mary Waverock landed in Bridgeport in the 2 o'clock Cleveland & Pittsburgh railroad train yesterday afternoon from the old country, and was met at the train by her old and true lover, Matthew Tielha, who had preceded her to this country and had awaited her arrival to make her his wife. The happy couple went to Mayor Mitchell and were united in marriage.

A Shop Robbed.

One of the most peculiar cases of theft ever recorded was yesterday reported to the police by Mr. Potts, who owns a shop on the South Side. Thieves entered it and carried off wheelbarrows, tongs, belts from the machinery, a lot of brick and iron, a number of tools, and in fact everything in the place except machinery that was too heavy to carry. There is no clue to the perpetrators.

Frightened Away.

Mrs. R. Kemp, of 2302 Alley E, yesterday informed the police that the night before at 10:30 o'clock she went into a room in her house and caught a man in the act of climbing into the house through a window which he had opened. She screamed and the man ran away. She did not see him well enough to recognize him if she saw him again.

Probate Business Yesterday.

The will of Elizabeth Richter and that of Jane Gibson were yesterday admitted to probate and ordered to be recorded.

Milton Masters qualified as guardian of Charles E., Minnie P., Milton D. and Jeanette H. Masters, minor orphans of Carrie V. Masters, deceased, and gave bond in the sum of \$300, with Jesse G. Launch as security.

A Famous Machine Again.

Yesterday the third practical test that has been given to a walking machine patented by Dr. Murray, of Burgettstown, Pa., and built by Thomas Hill, of Bridgeport, occurred. The thing walked off in great shape when steam was raised and the word "go" was given. It was operated for a distance of one hundred yards, when it was backed into a shed back of Bagge's old planing mill to undergo some changes in the guiding arrangements.

Yesterday's Police Court.

In the police court yesterday May Williams was fined \$20 and costs for keeping a house of ill fame, and appealed the case. The case of Auctioneer Briggs was also appealed, and that of Wentzel, the butcher charged with illegally running a slaughter house, was continued owing to the absence of his attorneys. John Loomis was fined \$20 and costs for selling liquor on Sunday, and Mary Burke and two men charged with drunkenness were fined, but the fines suspended.

The County Commissioners.

Yesterday was the regular auditing day of the board of county commissioners. In addition to approving the monthly bills, the board took up the question of new roads petitioned for some time ago. The petition for a new road through land of Ninian Beall was set for hearing on June 1, when the opposing parties may be heard. The five or six other pending petitions were deferred until assurances were given that the right of way would be free. The Natural Gas Company of West Virginia was granted permission to replace its one-inch pipe on the Bethany pike with a two-inch pipe.

A Sick Deck Hand's Experience.

Yesterday William Hampton, a colored deck hand who had worked on the Keystone State, was brought here on the Andes, very sick. He had been started to his home down the river, but got so sick here that he was advised to get off here and go to the marine hospital. He applied, but having no papers, could not get in, and went to the City hospital, but found it so crowded he could not get in. He started to walk up street, but gave out. The police were notified, and Lieutenant Terrill took the man to the custom house in the patrol wagon, and he was given the necessary document and taken to the marine hospital, where he was admitted.

Miles' Nerve and Liver Pills.

PURIFY YOUR BLOOD.
DR. HENNING'S SARSAPARILLA
WILL DO IT!

MR. SAWYER'S TABERNACLE.

Mr. W. L. Hearn will Build an Imposung Edifice for this Mission Work.

This is a good illustration of the proposed new tabernacle, to be built by Mr. William L. Hearn, on South street, for Mr. C. W. Sawyer's congregation.

The plans accepted were drawn by Louis Froise, and call for a building with ground dimensions of fifty-three by one hundred feet, with a large square tower eighty feet high. The front will be built of stock brick, highly ornamented with stone trimmings. All the walls will be eighteen inches thick, which will make the building unusually strong and durable.

The ground floor will be used for Sunday school purposes, and the second story, where the main auditorium is located, for all general religious meetings. Each has a seating capacity of about five hundred. The interior, which will be finished plainly, will be made attractive by the stained glass windows and heavy trussed dressed timbers that support the roof.

In the first front will be large stained glass memorial window, presented by one of the main supporters of the church. The entire building will be heated by hot air. The contractors, J. A. Holliday & Son, will begin work on the building as soon as the ground is put in shape. A massive retaining wall will be built along the creek bank, at a cost of four thousand dollars, which will add a great deal to the appearance of the building in the rear. The total cost of the building, grounds and retaining wall will be in the neighborhood of twenty-eight thousand dollars. This speaks well for the liberal spirit of Mr. Hearn, and will prove a great boon to the classes reached by the earnest efforts of Mr. Sawyer.

THE NEW CHURCH FRONT

And Enlarged Building Proposed by the First Presbyterian Congregation.

A meeting of the congregation of the First Presbyterian church was held last evening in the Sunday school rooms, after the dismissal of the prayer meeting, to discuss plans of improvement as recommended by the trustees.

For some time past, owing to the overcrowded condition of the church, there has been considerable agitation among the members to increase the seating capacity, and at the same time beautify the building by adding a new front. Several plans of handsome design were shown by Messrs. Leiner & Faris last night, and gave satisfaction to the members present, one plan being especially favored by the trustees.

The plan shown for the front was exceedingly beautiful. It is to be built of Cleveland stone with high towers on each end and stained glass windows. The entrance to the vestibule is of striking beauty, being supported by massive carved columns. Should the plan be adopted, the church will be the handsomest in the city.

On motion of Mr. Alfred Paull, a committee was appointed from the congregation to ascertain and report how much money could be raised, to increase the seating capacity and improve and beautify the church, this committee to meet at the call of the chairman. The following members were appointed: Messrs. W. H. Hearn, Capt. C. J. Rawling, J. N. Vance, George Adams and Alfred Paull, chairman. It is to be hoped that the committee will be greeted with liberal subscriptions. Already a good portion of the amount has been promised. The probable cost of the improvements will be about \$20,000.

The Skill and Knowledge

Essential to the production of the most perfect and popular laxative remedy known, have enabled the California Fig Syrup Co. to achieve a great success in the reputation of its remedy, Syrup of Figs, as it is conceded to be the universal laxative. For sale by all druggists. DAW

The Seguin Collegiate Institute has an advertisement in another column in reference to the study of Shorthand. It is therefore scarcely necessary to say that Miss Seguin is prepared to do thorough work as a teacher of Phonography in our midst, and we recommend her most cordially to those interested.

THE HUB—ONE-PRICE CLOTHIERS.

GENTLEMEN

Who are Accustomed to Getting Clothing Made to Measure,

Your attention for a few moments. It will only take a very few moments any day this week for stylish gentlemen to settle how they will dress well and in what style. This season a man can do as well here as though he went to his tailor for his particular measure suit. It is true that four-fifths of the ready-made clothing is made for covering only, but our clothing is made to satisfy every thought of good taste and elegance. A gentleman can come here and get a Suit or overcoat, made, trimmed and finished in the very height of fashion, up in every respect to the standard of Very Best Goods. Gentlemen find that their money goes a great deal further and satisfaction in every way is Assured.

-PARENTS!-

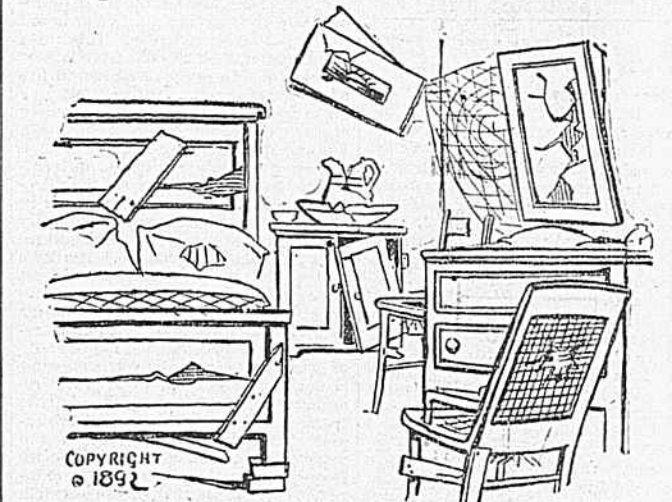

Our extremely low prices on Boys' and Children's Clothing will surprise you. We know it. We have all kinds of good Clothing. The most desirable variety, the most charming styles. All new styles, every shade in vogue. Notwithstanding the heavy sale we had in Clothing for the youngsters, our stock is unbroken, in fact we may say that it is more complete than ever, because we have added new lines in anticipation of a greater rush than ever during the last few weeks. It will be noticed that the cheapest suits we sell conform to style, so the poor boy can look as well as his rich playfellow. Wageworkers and men on small salaries with boys to clothe will find our goods and prices right, while in the Fine and Extra Fine Grades we don't think there is a house in the State can beat our stock.

Mechanics, Business Men, Professional Men and Bankers Step to the Front this Week. You'll find THE HUB brimful with Remarkable Bargains in Spring Suits, Overcoats, Hats and Furnishings.
